Project execution service

- CM (Construction Management)
- Feasibility study
- Drafting a basic plan
- Master plan, basic design
- Application to government offices
- Detailed design
- Bid
- Procurement of materials and equipment
- Construction
- Site management (quality assurance, schedule management)
- Test and commissioning
- Maintenance plan

Design / Construction one-stop service

- HVAC, electrical, sanitary system
- Clean room system
- Process-related utility system
- Process exhaust, process cooling water, compressed air, process vacuum, process drainage, wastewater treatment, pure water, gas, chemicals, house vacuum, etc.
- Construction work
- Special air conditioning system
- SWIT®, constant temperature and humidity, dry room, special environmental room, etc.
- CGS(Co-Generation System)
- DHC (district heating and cooling system)
- Equipment diagnosis, Energy saving diagnosis and proposal
- Panel manufacturing and installation work
- Renovation work
- Maintenance
